Castle Hill
Community Primary School

Dear Parents/Carers,

This term's home learning is linked to our topic of Space. We will be learning about this topic by reading Space Stories and by making Rockets.

To support the children's studies, the home learning grid is designed to allow choice and freedom to add more information to our class study. Some activities may require adult supervision.

Please ensure your child has a full PE kit in school every_day.

As ever, reading continues to be extremely important as it affects all areas of your child's education. There will be many opportunities for your child to develop their reading skills this year. We ask for your support with this by continuing to support your child's reading on a daily basis.

Thank you for your continued support.
