The Football Association Challenge

The Cup Final

Cup Final Facts

- The match is widely known as just the **Cup Final**.
- It is the last match in the **Football Association (FA) Challenge Cup**.
- It has about **86 000** spectators and millions of TV viewers.
- The trophy (winner's cup) is only on loan to the winning side.
- It is the oldest cup competition in the world, first played in the **1871 - 72** season.

Who Can Enter?

The Challenge Cup competition is open to any club in the top ten levels of the English Football League. Once clubs have registered to play, the tournament is organised into 12 randomly drawn rounds, followed by the semi-finals and finals. The higher ranked teams join the competition in later rounds when some of the lower ranked teams have been knocked out.

What Do the Winners Receive?

The winners of the final match receive the Football Association Cup, the FA Cup. It comes in three parts; the base, the cup and a lid. Over the years, there have been two designs of trophy and five cups have been made. The first cup, known as the 'little tin idol', was stolen in 1895 and never returned. An exact replica was made and used until 1910. From 1911, a new design was made. In 1992, another copy was made as the cup was wearing out from being handled, and another replacement was made in 2014. The cup is presented at the end of the match, giving the engraver just five minutes to engrave the winning team on the silver band on the base. The cup has ribbons from both teams decorating it during the final. The loser's ribbon is removed before the presentation. Each club in the final match is given 30 winners or runners-up medals. These are given to players, staff and officials.

10. Do you think it is better to watch a football match in the stadium, or at home? Explain your opinion.

Various responses that could include the opinions that;

It is better to watch a football match at the stadium because the atmosphere is exciting, the noise of the supporters makes the stadium come alive and being part of the live experience helps to feel part of the supporters' team.

Or,

It is better to watch a football match at home because you can enjoy the event with all of your family and friends together. You can have a party with food and drink and can see all of the action close up, with all of the replays and commentary. It is also cheaper and safer to watch at home.

Where Are the Matches Held?

The first 12 round matches will usually be played at the home ground of one of the two teams. From 1923 to 2000, the old Wembley Stadium hosted the finals. The only exception was in 1970, when the replay between Leeds and Chelsea was held at Old Trafford, Manchester.

Between 2001-2006, whilst Wembley Stadium was being rebuilt, the final was held at the Millennium Stadium in Cardiff.

The final match has been played at the rebuilt Wembley Stadium since 2007 and the semi-final and final matches have been played there since 2008.

What Do the Winners Receive?

The winners of the final match receive the Football Association Cup, the FA Cup. It comes in three parts, the base, the cup and a lid. Over the years, there have been two designs of trophy and five cups have been made. The first cup, known as the 'little tin idol', was stolen in 1895 and never returned. In 1958, a criminal by the name of Henry James Burge claimed to have carried out the robbery, but the police reports did not match his account of events and the case was closed. The FA fined Aston Villa £25 to pay for a replacement as it was stolen whilst they had it in their care. An exact replica was made and used until 1910. In 2005, this version was sold at auction and made £42 000. It was bought by David Gold, chairman of Birmingham City, and presented to the National Football Museum for public display. From 1911, a new design was made. It was larger than the previous trophy,

standing 61.5cm high. In 1992, another copy was made as the cup was wearing out from being handled, and another replacement was made in 2014. Hans Christian Andersen was a Danish author best known for writing children's stories including "The Little Mermaid" and "The Ugly Duckling."

Anderson was born on 2nd April 1805 in Odense in Denmark. He was the only son of Hans Anderson Senior and Anne Marie Anderson. When he was 11 years old his father died. Although the family was not rich, Anderson was educated at a boarding school for the privileged. People have wondered how the family could afford this.

In 1819 Anderson travelled to Copenhagen, the capital city of Denmark, to work as an actor but returned to school after a short time where he was encouraged by a man called Jonas Collin to start writing stories.

He began to write a series of novels, plays and books of poetry and his fame grew. In 1835 he began to write fairy tales as well as books for adults. His children's stories were initially not very popular.

In 1845 his fairy tales were translated into English and they proved popular overseas. Anderson forged a friendship with the English author Charles Dickens. Overtime his fairy tales found popularity with audiences back at home in Denmark and eventually around the world. He had a strong influence on subsequent authors such as Beatrix Potter and A.A. Milne.

His famous tales included "The Tinderbox", "The Princess and the Pea", "Thumbelina", "The Little Mermaid", and "The Emperor's New Clothes".

In 2006, an amusement park based on his work opened in Shanghai. His stories have been adapted for stage and screen, including a popular animated version of "The Little Mermaid."

Anderson never married and died on 4th August 1875 at his home in Copenhagen.

Lines, angles and shapes – other polygons

There are a number of other polygons:

A **heptagon** has **7** sides.

A **nonagon** has **9** sides.

A **decagon** has **10** sides.

A **hendecagon** has **11** sides.

A **dodecagon** has **12** sides.

These shapes are all shown as **regular** polygons. The length of sides and size of angles in a regular polygon are always the same. If they are not all the same, we describe the shape as **irregular**.

So, an equilateral triangle is a regular triangle.

Isosceles and scalene triangles are irregular.

Vikings Expanded Noun Phrases

A note to parents: An expanded noun phrase gives more detail or information about a noun. This is usually done by adding adjectives to describe the noun in the noun phrase, for example:

She walked through the dark, mysterious forest.

Or by adding a prepositional phrase to add further information about the noun, such as:

The man **with the wooden walking stick** walked slowly across the road.

Below the picture, you will see some sentences describing this Viking scene. Underline a **simple noun phrase** in each sentence and then rewrite each sentence with an **expanded noun phrase**. The first has been done for you.

1. In the distance, the sound of waves could be heard crashing against the shore.
In the distance, the gentle sound of waves could be heard crashing against the shore.

2. The Viking raised his sword in the air whilst marching forward.

3. The tower stood in the background, watching as the Vikings marched on.

4. In his hand, he held a shield which was used for protection.

5. Below the helmet, his eyes were intensely staring at the monastery.

6. Ragnor held his shield aloft in one hand and an axe in the other.

7. Behind the warriors, Eldrid held a spear ready to throw at the enemy.

8. Canute wore chainmail armour over his tunic.

Well done expanding the noun phrases above. Now write two sentence of your own about the picture that contain **expanded noun phrases**.
