Senses Poem – Tomatina Festival

Use this poem to help you write a poem about the Spanish 'Tomatina Festival'.

Start each sentence in your poem just like the poem below – 'My eyes can see.....' 'My nose can smell.....' 'My ears can hear.....' Etc.

Spanish Foods

Paella is one of Spain's most famous dishes. It is usually prepared in a large but shallow pan. It often includes a mixture of seafood and rabbit and lots of rice.

Pan con tomate

It consists simply of bread rubbed with tomato, a drizzle of olive oil and sprinkling of salt.

Chorizo

Spanish households and more generally used in everyday cooking. Served cooked in stews alongside meat, potatoes and other vegetables, it gives a rich depth of flavour, smokiness and colour to dishes.

Olives are commonly eaten as a snack alongside other foods, and are found stuffed with anchovies, almonds and other ingredients. Gordal olives are large and bright green, with a mild, fruity flavour. Arbequina olives are small and dark brown, with an intense, nutty smell.

The 'Tomatina' information sheet

The 'Tomatina' festival is held in the small town of Bunol and is basically the world's biggest food fight. Everyone who participates throws tomatoes at each other. You can't wipe the smile off your face while dodging tomatoes. It's very messy!

It takes place every year in the last week of August so if you are in Spain at that time you have to try and get there. It's one of the funniest things people have done.
